JFD Ltd.

EC Directive 89/686/EEC

EC Type-examination

Issue 1

PPE Product

JFD COBRA Emergency Rebreather breathing system for Saturation Divers. JFD Part numbers DB500AA & DB500AB. The equipment is a semi-closed rebreather designed for use at depths of up to 300m for bell diving operations.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the relevant requirements of the

manufacturer's technical specification¹ DB500-RP-1138 based upon Norsok U101 edition 2 & EN 14143:2013 which has been assessed and deemed to meet the basic health and safety requirements (Annex II) of the Directive.

The manufacturer's information notices contained within the technical file, in English, have been inspected and found to have addressed all of the relevant requirements of the standard. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file: P2117-15 incorporating amendments up to 23 March 2017.

SGS Reference Number GB/PP 236270

¹ The validity of this certificate may have to be reviewed in the light of new or amended harmonized standards.
