Divex have recently added to their existing range of communications products by designing a new and improved Chamber Loudspeaker packaged into compact high grade stainless steel enclosures to withstand the harshest of environments.

A general loudspeaker for the chamber lock area, its features include:

- Robust stainless steel enclosure (316 grade).
- Mounting lugs for easy installation.
- Internal Din Rail & terminals for easy cable termination.
- 4" waterproof speaker.
- Frequency Response: 90Hz to 19kHz
- Impedance: 4Ω
- Nominal Power Rating: 25W
- Maximum Power Rating: 50W
