## Bell Comms Box

Divex have recently added to their existing range of communications products by designing a new and improved Chamber Comms Box packaged into compact high grade stainless steel enclosures to withstand the harshest of environments.

Features include:

- Robust stainless steel enclosure (316 grade).
- Mounting lugs for easy installation.
- Internal Din Rail & terminals for easy cable termination.
- Internal power microphone for improved audio quality.
  - Must connect to Divex Power Mic Interface (Product code: CO408) which will be located topside in the Dive Control Room.
- IP rated flush mount chrome call switch.
