Comms Bunk Box

Divex have recently added to their existing range of communications products by designing a new and improved flush mount bunk box.

The Comms Bunk Box allows clear communications between the divers chamber bunk and the external helium speech unscrambler unit.

Features include:

- Call switch.
- Volume control.
- Headset socket.
- Small flush mount design for neat installation.
- Integrated flush mount chrome call witch.
- 3.5mm stereo jacks for microphone and earphone connections.
- Volume control for communications to earphone.
